THE PHILIPPINE GOVERNMENT AGREED on Tuesday to buy 600,000 metric tons of rice from Vietnam through a government-to-government deal, bringing to 2.3 million metric tons its total rice imports for 2008.

The Philippines, the world's largest rice importer, paid an average of \$940 a ton, including freight, for the latest purchase. The rice is expected to be delivered in July, August and September.

"This is sufficient for the 2008 requirement," Agriculture Secretary Arthur Yap said.

WITH THE RELEASE FROM captivity of an ABS-CBN news team and a peace advocate, President Macapagal-Arroyo yesterday ordered the military and police to launch an all-out offensive to pursue and neutralize their kidnappers in the jungles of Sulu.

Meeting separately with Armed Forces Chief of Staff Gen. Alexander Tadeo and military commanders in Mindanao, the President ordered them to launch "intensive punitive actions" against the kidnappers of ABS-CBN senior reporter Ces Drilon, her cameraman Jimmy Escamacion and Angeline Valderama, and Mindanao State University Prof. Octavio Dinampo, according to Press Secretary Jesus Durano.

"We will be using the full might of the government forces in this area to go after them, of course without unduly compromise the safety of the civilian communities," Lt. Col. Ernesto Torres, the Armed Forces spokesman, told reporters in Camp Aguinaldo.

Chief Sgt. Joel Gutierrez, police director of the Zamboanga Region in Mindanao, said his men were now on "operation mode" against the kidnappers believed to be Abu Sayyaf leaders responsible for a series of kidnappings, bombings and killings in Mindanao.

"We are on an all-out offensive against these kidnappers and the perpetrators of the crime," Gutierrez said.

Gutierrez said some of the kidnappers had been identified through pictures and aliases. He said Drilon had picked out some of

WELCOME HOME The nation heaves a collective sigh of relief when ABS-CBN news anchor Ces Drilon and cameraman Jimmy Escamacion and Angeline Valderama (top) accompanied by negotiator Sam Loren Legarda (bottom) disembark from a private jet at the Abolito hangar of the Manila Domestic Airport on Wednesday. They're finally home after nine days in captivity in what is believed to be a remote Abu Sayyaf base in Jolo. TV crew's guide, Mindanao State University Prof. Octavio Dinampo, was also released with them on Tuesday night. Valderama was released last week. (More photos on Pages A6, A7, A17.)

CES DRILON UNVEDDED Though exhausted and pockmarked with wounds of mosquito bites on her face and arms, ABS-CBN news anchor Ces Drilon can't help smiling when she arrives at Camp Tawadillo Bautista in Sulu together with her team, Jimmy Escamacion and guide, Prof. Octavio Dinampo.

IT ALL STARTED WITH BETRAYAL, according to broad broadcaster journalist Ces Drilon of ABS-CBN.

"The boss in and out of Mindanao, and I want to understand the situation here. So

knowing (said) (betrayal), there was some betrayal involved, and we were kidnapped," she told reporters early yesterday in Zamboanga City.

But Drilon refused to elaborate on how she, her cameraman Angeline Valderama and Jimmy Escamacion, and peace advocate Octavio Dinampo were kidnapped.

"We'll get there. We are cooperating with the investigation and we consider (the kidnapping) for what they did," said the 36-year-old mother of four.

FOR SEN. LOREN LEGARDA, feeling the right connection to the kidnappers and being firm with them was the key to her eighth successful negotiation.

"She said Mayor Alcala (sue) of Zamboanga, he was the 'key' in the negotiation because he was acceptable to the kidnappers. But she had to 'message' him to say the right, first things to secure the unconditional release of Ces Drilon and the other hostages."

Legarda said she herself had spoken with the kidnappers about five times on Drilon's phone.

The senator talked with the hostages late yesterday. This was how she recreated the time of events:

June 9, Monday: Journalist Arlene dela Cruz phoned Legarda to relay the request of ABS-CBN's Charlie Villa to help secure the release of Drilon and her team.

The bill proposes an "environmental levy" of P2.50 per plastic bag imposed by the cabinet, according to the group.

Beatification drive for Mother Rosario

A CHURCH GROUP HAS launched a movement for the beatification of its founder, Mother Rosalinda Arroyo, 98.

The Mother Rosalinda Arroyo Foundation, based at the 100-year-old Motherhouse in Molo, Iloilo City, has requested the faithful to write from about "10,000" that they believe were granted in them through the holy vision of Arroyo, a great general-servant of the President's husband, Juan Miguel Arroyo.

Mother Rosalinda founded the Foundation of the Holy Holy Spirit of the Philippines, according to Sister Loretta Gels, Jr. of the Mother Rosalinda Arroyo Foundation.

Mother Rosalinda Arroyo, 98, was born in Molo, Iloilo City on Feb. 17, 1894 to wealthy parents, Don Agustin Arroyo and Doña Maria Pineda, she was the only daughter to a family of three children.

"We actually launched our movement in 2004 but it was only recently that we were assisted by Vatican City-based Ms. Jean Silvestre," Gels said.

The young Arroyo joined the religious life on Jan. 3, 1914, entering the Sisters of the Holy Spirit in Manila.

GMA orders Subic 'shabu' haul burned

CITY OF SAN FERNANDO—President Macapagal-Arroyo on Wednesday ordered the Philippine Drug Enforcement Agency to coordinate with the Presidential Anti-Smuggling Group and the Subic Bay Metropolitan Authority the destruction of shabu smuggled into the Subic Bay Freepoint in May.

The order to PDEA director general Danilo Santiago was "transmitted to the satisfaction" of the Army, Secretary General Renato, chief of the Presidential Management Staff, said in a memorandum.

The more than 700 kilograms of shabu (methamphetamine hydrochloride) smuggled at the time port should be "burned safely in the public and media view," Remonde said.

Undersecretary Anne Villalva, chief of the PMA's administration, said the shabu was seized around April and was stored in the PMA's warehouse.

Santiago was also instructed to "implement the implementation for monitoring purposes."

The President's instruction came a few days after the government won in the custody of PMA was destroyed by fire.

The fire was caused by an explosion, which started from a cigarette, said Remonde.

Mindanao rice prices starting to plunge

PRICES OF RICE IN MINDANAO were predicted to plunge in a few months as government efforts to flood the market with cheap rice to compete with market prices are under way.

In Zamboanga City, a regional office of the National Food Authority (NFA) said prices in northern Mindanao were likely to decline by the fourth quarter of the year.

General Manager, NFA, said that regional director for Northern Mindanao, said prices in September were likely to decline by the fourth quarter of the year.

Prices fell from P2,000 to P1,800 per 50 kg bag of rice to a record of a recent NFA auction, he said.

During this month, the NFA said that the volume of rice sold was P18.25 per kg, P20 per kg and P22 per kg.

In Zamboanga City and elsewhere in Southern Mindanao, prices of commercial rice have declined because of a projected good harvest.

Joe Olvera, president of the Zamboanga Rice Traders Association, said the price of the rice during this time has gone down from P20 to P22 a kg, M1 variety now sells at P19 per kg from P22 per kg. T1 variety now sells at P18 per kg from P20 per kg.

Olvera said even prior to the rice sale, prices have been depressed by supply and demand.

High demand and low supply caused high prices and low demand and high supply caused low prices.

The rest of the island market saw an additional rice supply in the market, Olvera said.

The supply of government-subsidized rice imported from Thailand and other countries at a subsidized price to go down, said NFA provincial manager Jose Olvera.

According to Olvera, M1 rice is still the cheapest at P18.25 per kg while the commercial rice is P20 per kg.

In Zamboanga, the NFA said it will double the volume of rice that is supplied to the region.

Donny Barrios, NFA director for Zamboanga Valley and the Cordillera, said the NFA would also open a warehouse in Zamboanga, M1 Province, that could store up to 30,000 bags of rice for 36 months.

Barrios said the NFA would also open a warehouse in Zamboanga, M1 Province, that could store up to 30,000 bags of rice for 36 months.

The market was supposed to be overhauled or being out and out.

The rice sale should be added to the P18.25 a kg, NFA said.

The NFA also said to look for the NFA to be the main distributor of rice when the rice buyers who demand they had been selling for almost two years waiting for their rice to be sold.

This program is to reduce the supply to add more rice and double the supply of rice to be sold, particularly in southern Mindanao.

Barrios said supply of rice in the Cordillera and Zamboanga Valley for June has been increased from 1,500 to 1,800,000 kg.

There are at least 100 licensed NFA grain traders in those regions, but Barrios said more rice orders would be accepted soon.

Barrios said the NFA would also open a warehouse in Zamboanga, M1 Province, that could store up to 30,000 bags of rice for 36 months.

63 killed in Iraq car bombing

ANOTHER BOMBING

Police inspect the remains of a vehicle and a human inside in Baghdad, 23 km northwest of Baghdad, June 10. A suspected car bomb which exploded outside a police headquarters in Baghdad killed 63 police officers and wounded 28 other people, including 18 police officers, police said.

BAGHDAD—A SHIITE MILITANT "SPECIAL group" is believed responsible for the deadly car bombing in a Shiite neighborhood of Baghdad, a US spokesperson said on Wednesday. He said the aim was to reignite sectarian violence that swept the neighborhood 18 months ago.

Iraqi officials said the death toll from the Tuesday blast in Huthayba had risen to 63, including women and children. The Iraqi government said the bombing attack would inflict no damage on its mission to maintain the country's security.

The group claimed responsibility for the blast, which occurred about 5:45 p.m. Tuesday in a heavily populated area in Huthayba, some of whom of the bloodiest sectarian slaughter in 2006. That led to a suspension of sectarian violence that has been behind the attack.

The US spokesperson said, "Iraqi forces were not involved in the attack," he said. The US spokesperson said the command did not believe al-Qaida was involved in the attack.

Instead, he said the command believed the attack was carried out by a Shiite special group led by Haydar Muball

Qasbi, an Iraqi, who was described as a "hardcore Iraqi" attempting to incite violence "for the sake of individual profit and gain."

US and Iraqi forces have been searching for al-Qaida for months, but his group is not seen on the ground in the area.

"We believe he ordered the attack because it is a violent act against security, that he wants to disrupt Shiite security in Huthayba in order to maintain sectarian violence and to support the sectarian violence," he said.

Several Iraqi police officials said the casualty toll stood at 63 dead and 28 wounded. They spoke on condition of anonymity because he was not supposed to release the information. However, a figure of 27 dead and 40 wounded.

Yankees continue surge, rip Padres

NEW YORK—JASON GIBBS HIT TWO home runs to lead the New York Yankees to their fifth consecutive victory on Sunday.

Gibbs, who homered for the Yankees, also scored a season-high five games into 2008 (10-21) with their second straight dramatic victory.

After a sluggish start to the season, the Yankees appear to be finding their rhythm, working a combination of few consecutive games and scoring 20 runs in three five games.

"I don't want to speak too soon, but we're taking good at-bats and we're pitching well," Gibbs said.

Gibbs' (three-run) pickup on an error by pitcher Tim Lincecum, who hit into a double play, helped the Yankees to a 7-1 victory.

The Yankees won their 11th game and led the division with the Chicago Cubs, who slipped to 10 games under .500 and fell one half game from making three games.

Gibbs' (3-5) allowed just five runs in seven innings, striking out nine and walking one. He pitched a season-high five games into 2008.

"We have a lot of momentum, we're playing better," Gibbs said. "We're not just sitting and waiting. It's not like you can get to fourth base and then sit and wait for the pitcher to come back and then you can get to fourth base."

Padres manager Tony La Russa said his team was "a little bit off" after a 1-2 start.

"We're a little bit off, but we're not a bad team," La Russa said. "We're a team that can win games."

secured by Garcia's promoter Danilo Castillo that the new champion will definitely give Condes a rematch sometime in November or early December.

However, Ortiz and Castillo want to give Garcia a rematch first before facing Condes again.

"I don't want to miss being a champion for a while before they'll face Condes again because they know that a second fight with Condes would be more difficult," Ortiz told *Philippine Sports*.

Ortiz and Castillo both agreed that a Garcia-Condes rematch is good for the fans and the Pinoymaster circuit since with the first time that Garcia was in La Pin he had captured quite a following among local boxing aficionados.

"Condes is very very popular in La Pin," Ortiz said. "After the 20th division victory was announced and witnesses were waiting from the ring to the stadium, which was a long walk, Condes was finally applauded by the audience shouting 'Pinoymaster! Pinoymaster!'"

Ortiz attributed the huge surge in the interest for Condes' title to Garcia's loss, especially with promoter Sammy Solis-as, plans to allow give Condes one or two fights before taking on Garcia again.

"I have not lost my faith in Pinoymaster. With proper guidance, motivation and coaching, he will capture the title again," Ortiz concluded.

REBOUND Also Condes was to his return as an important PMA, setting up the Winner Engage—where he is an amateur coach—against the R&B Super last night. Story on *Live Sports*, page 4-B.

Gov't posted P7-B budget surplus in May

Tan named national treasurer

FTER SERVING IN AN ACTING capacity since April last year, Roberto Tan has been formally appointed by Malabon as the country's 26th national treasurer.

His appointment to the Bureau of the Treasury found him to leave his post as undersecretary for the International Finance Group of the Department of Finance, which he previously held last November.

This was announced yesterday by Finance Secretary Marguerite Tan, who said Roberto Tan would serve in an acting capacity as undersecretary for international finance.

Prior to this appointment, Malabon was reportedly seeking for a new national treasurer from the private sector, particularly from the banking industry.

TAN

said Tan's appointment was pending given his new background in public finance.

Tan was assigned to the Treasury, an attached agency of the DFC, following the resignation of Cesar Cruz, who decided to go back to the private sector.

Prior to his appointment, Tan headed the DFC's international finance group since 2005. He handled matters related to the government's foreign borrowings, including commercial loans and local development assistance.

Deficit for first 5 months brought down to P18.8B

By **Michelle T. Roco**

THE GOVERNMENT POSTED A BUDGET SURPLUS OF P7 BILLION in May, aided by higher collection of the value-added tax due to soaring fuel prices.

Total revenues for the month reached P186.5 billion, which included tax charged by government agencies, while expenditures amounted to only P190.5 billion.

The budget performance for May brought the government's fiscal position for the first five months of the year to a deficit of P18.8 billion, down from P23.6 billion at the end of April.

The government generated revenues of P46.4 billion from January to May and spent P50.2 billion, whereas it was up 11.5 percent year-on-year while expenditures grew 3.7 percent.

Finance Secretary Marguerite Tan said the two-month budget performance will not reflect the government's decision to substantially increase spending to help the economy cope with the oil crisis, a global oil shockwave and rising inflation.

Tan said efforts to pump-prime the economy, including the granting of subsidies to post-

harvest, would translate in the coming months. Subsidies recently approved by the House administration included the one-time granting of P500-ke "oil-free zones," or households whose monthly consumption of electricity does not exceed 100 kilowatt-hours.

Both the Bureau of Internal Revenue and of Customs, the two biggest revenue sources among tax agencies, recorded year-on-year increase in collections for the five-month period.

The BIR collected P415.7 billion in the first five months, up 17.5 percent, while the BOC contributed P92.3 billion, higher by 22.5 billion from that of the same period last year.

The BIR collected P415.7 billion in the first five months, up 17.5 percent, while the BOC contributed P92.3 billion, higher by 22.5 billion from that of the same period last year. "We [government] remain focused on the attainment of our revenue goals to ensure that we have the necessary resources to fund our programmed expenditures this year, particularly in infrastructure and social services,"

SE PRICE INDEX CLOSED DOWN 0.3 PERCENT yesterday, as the PSE 100 index fell 1.05 points to 4,145.00. The index was up 1.05 points in the previous session.

The composite index fell 0.08 points to 2,838.30, after trading between 2,830.30 and 2,844.50. The all-share index fell 1.05 points to 1,898.40.

"Trading commodity prices coupled with a high unemployment rate makes demands for a more aggressive policy," says a report from the Philippine Economic Development Council (PEDC) released last week.

The government said Tuesday that the unemployment rate had risen to 8 percent in May compared to 7.4 percent in January.

The market remains volatile after last week's volatility. A 30-month low, it said, but added, "There isn't any reason to panic the market right now."

Sevco stocks advanced, 18 cent.

SEATTLE-01

After 3 years, MRT-7 contract signed finally

By **Riza T. Obando**

THREE YEARS AFTER SUBMITTING an unsolicited proposal for the P24-billion MRT-7 project, Universal LRT Corp. (ULC) yesterday signed a construction contract with the Department of Transportation and Communications (DOTC) for the mass transport system.

Almost 75 percent of the project will be funded by borrowings from international financial institutions and the

rest will be funded by equity.

"Financial closure is fully secured. All investments must be bid in one year from now. Construction will take place between January 2010 and July 2013. The financial closure may be completed ahead of time, as the project may be finished early because there have been many detailed talks with potential investors," ULC managing director and CEO, Mr. Lewis said yesterday at the signing.

Lewis said the contract was a long-

ing point for the project because investors would now be encouraged to firm up their commitments.

Just last year, negotiations stalled after the government asked ULC to place an additional bond of P250 million over three years for the road, as this compared to top of a P22.5-million performance bond.

ULC promised that the very financial conditions were so soft and could secure investors' aid.

At that time, the proposed project was already offered for a three-clas-

sings in accordance with the Public-Private Partnership Law and one of the proposed challenges—Santitas Corp., World City Finance Group and Pacific Construction—submitted an offer.

ULC eventually managed to draw more investors in, including the SM Investments Group, and now, recently, the Zouma Group of companies.

"The Zouma group signed up as a major investor for the understanding and the final contract, but later 30," Lewis said.

Now, you'll only get lost on purpose.

TEC seeks buyers of 235 MW in excess capacity

SM Prime notes issue raised P3B

By Elizabeth Sanchez-Lacson

MAIL OPERATIONS SM PRIME HOLDINGS Inc. said it had raised P3 billion through its recent issuance of fixed-rate bonds.

In a disclosure, the company said the deal was arranged by First Metro Investment Corp. The facility will have maturities of five years, seven years and 10 years from issuance.

The amount raised will be used to fund ongoing capital expenditures and to meet its general corporate requirements.

SM Prime and the issue was underwritten with 16 primary institutional investors.

The company earlier reported a 7-percent growth in first quarter profit to P1.6 billion from P1.3 billion in the same period last year.

Gross revenue rose by 8 percent to P1.62 billion from P1.5 billion, due to higher email earnings from the three new mails that were opened in 2007 country, SM City Bacolod, SM City Tuguegarao and SM Supermarket Marikina.

For the first quarter of 2006, total revenue from all the mails, which accounted for 40 percent of total revenue, grew by 19 percent to P3.26 billion from P2.76 billion in the same period last year.

Due to more mail openings last year, operating expenses increased by 6 percent to P1.5 billion.

TEAM ENERGY CORP., THE COUNTRY'S largest independent power producer, yesterday said it was seeking more buyers of its excess generation capacity of 235 megawatts to avoid the share program issued upon recent completion.

TEC is the joint venture of Japanese Tokyo Electric Power Corp. and Philippine Corp., which bought out Manila Electric Corp. last year.

The company owns and operates the 1,200-MW coal power plant in Negros and the 733-MW Pagbilao plant in Quezon, both of which are coal-fired.

TEC president Federico Ponce said to an investor that while the firm had long-term supply contracts with some firms (National Power Corp.), had had no excess capacity of 300 MW while Negros had 15 MW.

The coal TEC aimed at finding revenue of \$180,000 per MW yearly from income on pair of \$22.5 million per year.

Ponce said buyers of TEC, subject to review of Singapore demand as he included Singapore Electric Cooperative and Republic Cement Corp., but also another deal with La Union Electric Cooperative was up for signing.

Ponce explained that without open access or competition, the electricity retail sector, TEC was bound to seek Singapore's permission to sign third-party contracts.

"Without open access we cannot offer supply to direct customers," he said.

On May 21, a group of independent power producers and prime distribution utility which include the Singapore Electricity Commission and Electricity Grid Corporation with the Energy Regulatory Commission asking the agency to allow us to open up the sector and a development in privatization of power generation plants.

The Electric Power Industry Reform Act states that open access would be allowed only when 70 percent of the National Grid Corp.'s power plants and EPF contracts in Luzon and the Visayas has been prioritized.

Privatization of 70 percent of Singapore assets is expected to be achieved within six years, but that of Singapore EPF contracts is still in progress.

The performance had shown up some of reference for an investor

open access and competition is assuming the firm and the chance among large electricity companies to have the implementation of retail competition increased but still with in the framework of the firm.

Egg producers ask for safety net

THE NATIONAL FEDERATION OF EGG PRODUCERS OF THE PHILIPPINES (NFEPP) is seeking an emergency regulatory system to act against the adverse effects of a looming oversupply.

The NFEPP is asking the departments of Trade and Industry and Agriculture to closely monitor the expansion of existing poultry farms and the entry of new players in the egg production sector and ensure that there is a healthy balance between supply and demand.

The industry group also asked the government to monitor the entry and inventory of existing stocks - hence that producers begin to avoid overproducing the egg supply situation.

NFEPP president, Benjamin Dela Cruz, said power needs brought in by suppliers had to be closely monitored because the market will be the basis of the supply of laying birds and eggs in the future.

"Right in the market will find help anyone. What we need is for the industry and the

government to work closely in monitoring supply. We have over 12,000 egg farmers all over the country and we will be the ones who will be hit the hardest by unsaturated growth and the entry of so many power producers into the country," San Diego said.

He explained that in other countries, egg is a dairy group with working closely with their governments to regulate the industry going up for as regulating the entry of new players and the expansion of existing production levels.

The local industry producers about nine billion eggs a year. San Diego said sales last year reached P28 billion.

He said that despite the rising costs of feeds and materials, prices of egg at the farm gate had been on a downward trend starting from last December.

FRENCH Sabayon, after the traditional French of French Cuisine.

PDI LIFESTYLE KITCHEN-TESTED RECIPE

Cook's tip

- While Sabayon may look like a cake, it is not. It is a light and airy dessert.
- To get the most volume out of the whipping cream, pre-chill the cream and the bowl of the electric mixer before using them to whip the cream.
- If available, use superfine sugar to obtain a smooth texture.
- Use only the room-temperature part of the egg to get the best result.
- To make the egg-saboyon, position the bowl containing the mixture over another bowl filled with ice. Whip with a hand-held electric mixer.
